**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
(Unaudited)

**NOTE 1 – OVERVIEW OF INDIA GLOBALIZATION CAPITAL, INC. (“IGC”)**

IGC develops cannabis-based combination therapies to treat Alzheimer’s, pain, nausea, eating disorders, several end points of Parkinson’s, and epilepsy in humans, dogs and cats. In support of this effort, IGC has assembled a portfolio of patent filings and four lead product candidates addressing these conditions. In India, the Company is engaged in heavy equipment rental, and in Malaysia, real-estate management.

The Company is a Maryland Corporation formed in April 2005. In March 2006, we completed an initial public offering of our common stock. Our registered office in the U.S. is located in Bethesda, Maryland. We have a facility in Washington State, where we conduct our R&D. Our back office is located in Kochi, Kerala India. In addition, many of our staff and advisors work from their home offices.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**a) Basis of preparation of financial statements**

The Company has prepared the accompanying unaudited Condensed Consolidated Financial Statements (“Financial Statements”) in accordance with the rules and regulations of the U.S. Securities and Exchange Commission (“SEC”) for interim financial information. Accordingly, they do not include all of the information and footnotes required by United States generally accepted accounting principles (“GAAP”) for complete financial statements and management used estimates and assumptions that could affect the amounts reported in these condensed consolidated financial statements and accompanying notes. Actual results could differ materially from those estimates. The results for interim periods do not necessarily indicate the results that may be expected for any other interim period or for the full year. The significant accounting policies adopted by the Company, in respect of these consolidated financial statements, are set out in the Company’s Annual Report on Form 10-K for the fiscal year ended March 31, 2017. Therefore, the Financial Statements should be read in conjunction with the audited Consolidated Financial Statements and respective notes contained in the Company’s Annual Report on Form 10-K for the fiscal year ended March 31, 2017 filed with the SEC on July 14, 2017. In the opinion of management, all adjustments (consisting of normal recurring adjustments) necessary for a fair presentation have been included in the Financial Statements. The consolidated financial statements include the accounts of the Company and all its subsidiaries that are more than 50% owned and controlled. The Company consolidates the subsidiaries into its consolidated financial statements. Transactions between the Company and its subsidiaries have been eliminated in the consolidated financial statements.

In the quarter ended June 30, 2017, in addition to the US, IGC operates in India and Malaysia and a substantial portion of the Company’s sales are denominated in INR and RM. As a result, changes in the relative values of the U.S. dollar and INR or the RM affect revenues and profits as the results are translated into U.S. dollars in the consolidated and pro forma financial statements. The accompanying financial statements are reported in U.S. dollars. The INR and the RM are the functional currencies for the Company. The translation of the functional currencies into U.S. dollars is performed for assets and liabilities using the exchange rates in effect at the balance sheet date and for revenues, costs and expenses using average exchange rates prevailing during the reporting periods. Adjustments resulting from the translation of functional currency financial statements to reporting currency are accumulated and reported as other comprehensive income/(loss), a separate component of shareholders’ equity.

The Company’s current fiscal year ends on March 31, 2018. Unless the context requires otherwise, all references in this report to “IGC,” “we,” “our” and “us” refer to India Globalization Capital, Inc., together with its subsidiaries, as listed and described in its Annual Report on Form 10-K filed with the SEC on July 14, 2017. We pay an affiliate of our CEO \$4,500 per month for office space and certain general and administrative services rendered in Maryland. In addition, we pay another affiliate of our CEO \$6,100 per month for office and facilities in Washington State. We believe, based on rents and fees for similar services in the Washington, D.C. metropolitan area, and Washington State that the fee charged by the affiliates are at least as favorable as we could have obtained from an unaffiliated third party and these payments are not considered, or meant to be compensation to our CEO. The rental agreement for the Maryland location is on a month-to-month basis and may be terminated by our Board of Directors of the Company at any time without notice. The rental agreement for Washington State facilities expires on December 31, 2017, unless renewed by mutual consent. During the quarter ended June 30, 2017, the total rent paid to the affiliates were \$13,500 for the office space (and services) in Maryland, and \$18,300 for the facilities in Washington State.

All compensation paid to our CFO, is paid to an affiliate of our CFO, specifically a limited liability company (LLC), wholly owned by our CFO. There are no payments, other than what is mentioned in this filing, that have been made to the CFO directly or to his LLC. The Company treats payments and issuances of stock made to the LLC as if they are made directly to our CFO.

*Loans by Related Parties:*

We have a working capital loan that has a loan balance as of June 30, 2017 and as of March 31, 2017 of \$97,500 from an affiliate of our CEO, at an annual interest rate of zero percent, due February 23, 2022. There is no prepayment penalty. The assets of the Company secure the loan.

*Loans to Related Parties*

Starting on August 2014 and as per Amendment No. 2 to the 2012 Security, the Company started making a monthly interest payment of 23,489 shares of common stock. Contractually, there is no cash interest paid to Bricoleur on the Note. Instead, the parties have agreed that the Company will make a payment (booked under interest payment) of 30,000 shares of common stock for each month the loan remains unpaid, regardless of the trading price of the stock. The arrangement allows the Company and Bricoleur to pursue permanent conversion of the principal to common stock, or repayment of the principal using common stock. During the quarter ended June 30, 2017, the Company issued a total of 90,000 shares valued at \$36,600 to this debt holder, which constitutes non-tax-deductible interest payments for the Company.

(dba Brinson Patrick, a division of IFS Securities, Inc.), as sales agent (“Brinson Patrick” or the “Agent”). Under the December 18, 2014 Purchase Agreement with Apogee, we issued 1,200,000 common shares of IGC valued at \$888,000 for the purchase of 24.9% ownership interest in Midtown Partners & Co., LLC. Pending downward adjustments, subject to certain balance sheet items of MTP, a total of 500,000 shares of IGC common stock have been held back. Pending the resolution of these balance sheet items, the shares that have been held back may be cancelled. The agreement had a deadline of June 30, 2015, for Apogee and Midtown Partners to obtain the requisite approvals from FINRA. Apogee did not file for approval on time, and consequently pursuant to the terms of the Agreement, there are several penalties that will apply, including the cancellation of 700,000 shares of IGC stock and a penalty of \$125,000 owed by Apogee to us. We are not seeking to consummate the acquisition of the remaining interest in Midtown Partners at this time.

**NOTE 14 – STOCK-BASED COMPENSATION**

On April 1, 2009, the Company adopted ASC 718, “Compensation-Stock Compensation” (previously referred to as SFAS No. 123 (revised 2004), *Share Based Payment*). ASC 718 requires all share-based payments to employees, including grants of employee stock options, to be recognized in the financial statements based on their fair values. **NOTE 16 – IMPAIRMENT**

None during fiscal quarter ended June 30, 2017.

**NOTE 17 – OTHER INCOME**

Other income for the three-month periods ended June 30, 2017 and 2016 amounted to \$8,355 and \$1,755, respectively, and included income received from the supply of skilled operators for the heavy equipment rental business and from the rent of the apartment belonging to TBL, which is located in Kochi, India.

**NOTE 18 – RECONCILIATION OF EPS**

The historical weighted average per share for our shares through June 30, 2017, was applied using the treasury method of calculating the fully diluted shares. The weighted average number of shares outstanding as of June 30, 2017 and 2016 used for the computation of basic earnings per share (“EPS”) is 25,865,307 and 23,312,056, respectively. Due to the loss incurred during the three-month period ended June 30, 2017, all of the potential equity shares are anti-dilutive and accordingly, the fully diluted EPS is equal to the basic EPS.

**NOTE 19 – INCOME TAXES**

The Company adopted ASC 740, Accounting for Uncertainty in Income Taxes. In assessing the recoverability of its deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. The ultimate realization of the deferred tax assets is dependent on the generation of future taxable income during the periods in which those temporary differences become deductible. The management considers historical and projected future taxable income, and tax planning strategies in making this assessment.

The Company’s effective tax rate was 0% for both the quarters ended June 30, 2017 and 2016. The Company has US deferred tax assets, which have been offset by valuation allowance because of historical and expected losses. As the Company reverses its losses and becomes profitable, we will reassess the likelihood of recovering a portion or all of the deferred tax assets. The remaining balance of deferred tax assets, which appear on the balance sheet, are from foreign based operations in which utilization is highly probable in offsetting future foreign income taxes.

The Company recorded an income tax gain/expense of \$0 resulting from operational results of its foreign entities for both three-month periods ended June 30, 2017 and 2016. As of June 30, 2017 and 2016, there was no significant liability for income tax associated with unrecognized tax benefits. As of June 30, 2017, IGC could not use its net operating losses.

**NOTE 20 – SEGMENT INFORMATION**

Accounting pronouncements establish standards for the manner in which public companies report information about operating segments in annual and interim financial statements. Operating segments are components of an enterprise that have distinct financial information available and evaluated regularly by the chief operating decision-maker ("CODM") to decide how to allocate resources and evaluate performance. The Company's CODM is considered to be the Company's chief executive officer ("CEO"). The CEO reviews financial information presented on an entity level basis for purposes of making operating decisions and assessing financial performance. Therefore, the Company has determined that it operates in a single operating and reportable segment.

*Revenue* - Total revenue was \$52,926 for the three months ended June 30, 2017 as compared to \$288,493 for the three months ended June 30, 2016. In the three-month period ended June 30, 2016, the revenue consisted of trading of electronics, real estate management and rental of heavy equipment. The decrease in revenue during the same period in 2017 is primarily from the curtailing of the electronic trading business. We continue to operate the real estate management and rental of heavy equipment businesses.

*Cost of Revenue (excluding depreciation)* – Cost of revenue for the three months ended June 30, 2017 was \$6,880 as compared to \$201,854 for the three months ended June 30, 2016. The decrease in cost of revenue stems from a decrease in the volume of business as reflected in the decrease in revenue and is primarily related to the electronic trading business.

*Selling, General and Administrative* - Selling, general and administrative expenses were \$436,351 for the three months ended June 30, 2017 as compared to \$307,772 for the three months ended June 30, 2016. Most of the expenses are public-company related expenses, including legal fees.

*Depreciation* – The depreciation expense was approximately \$5,964 in the three months ended June 30, 2017 as compared to \$97,672 in the three months ended June 30, 2016. The decrease in depreciation is from the curtailment of the iron-ore mining business in China.

*Interest and other financial expenses* – The interest expense and other financial expenses for the three months ended June 30, 2017 were approximately \$44,546 as compared to approximately \$43,278 for the three months ended June 30, 2016. Most of the interest is paid with shares of the Company and is therefore non-cash.

*Other income/(loss)* – Other income was \$8,355 for the three-month period ended June 30, 2017 as compared to \$1,755 in June 30, 2016. Other income includes the rent of apartment owned by one of the subsidiaries and the income by supply of skilled operators for the heavy equipment rental business.

The increase in loss in the first quarter of fiscal 2017 was due to expenses related to marketing programs that the company initiated.

**Off-Balance Sheet Arrangements**

We do not have any undisclosed investments in special purpose entities or undisclosed borrowings or debt.

## **Liquidity and Capital Resources**

This liquidity and capital resources discussion compares the consolidated company financial position for the three-month periods ended June 30, 2017 and 2016.

We expect to raise money to further our patent portfolio and commence medical trials on our Alzheimer's product, one of the Company's four health cannabis-related products.

## **Critical Accounting Policies**

While all accounting policies impact the financial statements, certain policies may be viewed as critical. Critical accounting policies are those that are both most important to the portrayal of financial condition and results of operations and that require management's most subjective or complex judgments and estimates. Our management believes the policies that fall within this category are the policies on revenue recognition, accounting for stock-based compensation, goodwill, and income taxes.

Please see our disclosures on Note 2 - Summary of Significant Accounting Policies of the Notes to the unaudited Consolidated Financial Statements in this report and Note 2 - Significant Accounting Policies of the Notes to the audited Consolidated Financial Statements in Part II of our Annual Report on Form 10-K, filed with the SEC on July 14, 2017 for a discussion of all our significant accounting policies.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree or compliance with the policies or procedures may deteriorate.
